New faces. First mics. Real builds.

A new cohort walked in, four builders showed their work, and some of the quietest voices spoke first.

Mon, Nov 2 · Cohort 5 begins

Cohort 5 walked in.

30 days. 15 minutes a day. One buddy each.
GSthina joined the initiation call to kick it off.

Learn the process · Ask freely · Apply it · Own it

One focus per week. The goal is high agency: owning your growth instead of waiting to be told.

Tue, Nov 3 · Showcase Day

No proof, no entry.

Showcase Day now opens only after you submit your proof of work on the Hub. Four builders did.

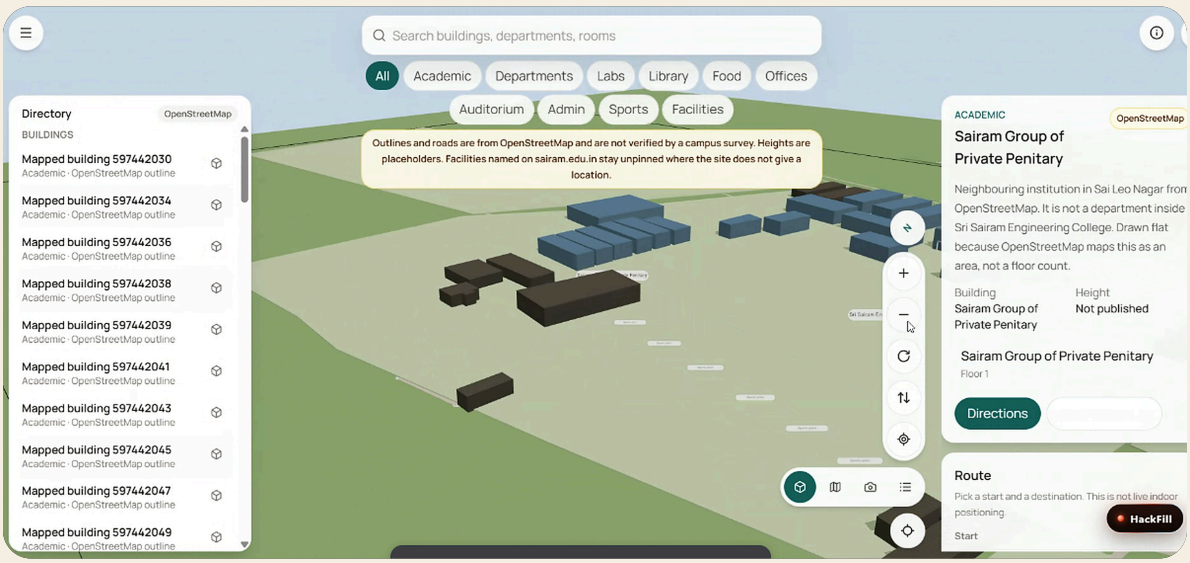

Tazim, Selladurai, Priyanka and Aparnaa.

"Wow! Wonderful projects this week."

GSthina, on Showcase night.

A 3D map for a 300-acre campus.

So new students and parents stop getting lost. Built with OpenStreetMap, Three.js and MapLibre. Next up: photogrammetry for sharper models.

He turned a YouTube video into a course.

Sensai pulls the transcript, summarises it and quizzes you, with XP and streaks to keep you going.

Day one. Portfolio live.

Priyanka figured out the proof-of-work flow on her very first day of Cohort 5.

Priyanka	A portfolio on the Hub: solar tracker, RFID door lock, face recognition, low-power DRAM.
Aparnaa	A gamified app to learn backend, with streaks and badges to beat procrastination.

Madhan opened his mic first.

Our first live GD. Everyone got an INEA letter and 90 seconds on the clock.

Round 1	Networking, told through real stories. Tazim's Zoho event ticket. Hanif's community that led to a COO role. Sineka's LinkedIn Premium through a TD mentor.
Round 2	The gap year debate. Tazim opened it and closed it.

A group discussion helped me find my spark again.

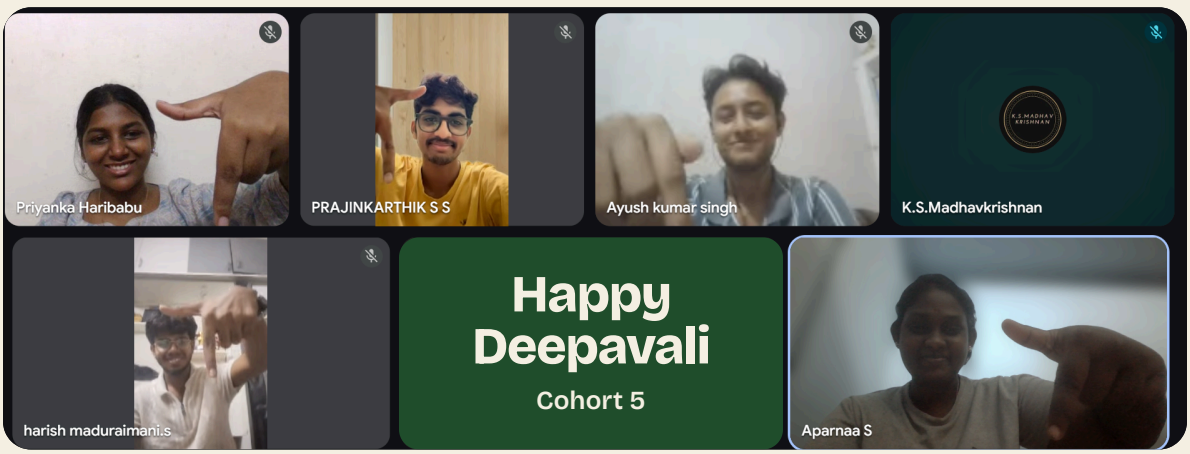

Sujay, in his post on the Hub after the GD.

Fri, Nov 6 · Deepavali catch-up

Why doesn't Deepavali feel like it used to?

Growing up. Friends moving away. OTT killing the new-movie-on-Deepavali hype. Cohort 5 talked it out.

Good thing	Exams ending
Bad thing	Procrastination

Shifan joined from his trip home to walk us through INEA.

Who are you beyond your college?

Everyone shared what they can help with, and what they need help with.

Harish	Freelance graphic designer
Madhav	Builds hardware, like a keyboard for students with disabilities
Priyanka	Tutors school students and designs custom clothes
Ayush	Builds AI projects, into ML
Prajin	Wants to guide juniors

Everyone left with a Light Partner for the rest of the 30 days.

New

Demo Day is coming.

The people who showcase consistently will present to seniors and alumni from the industry.

Show up every Tuesday. That's your ticket, and a real shot at referrals.

Announced by GSthina on Showcase night, Nov 3.

You made the week.

Tazim Selladurai Priyanka Sujay
Sineka Navin Hanif Madhan
Abisheik Ayush Harish M Harish A
Vaishnavi Akshith Hari Madhav
Prajin Shifan GSthina

And everyone who spoke up before they felt ready.

Pull up a seat.
